New York Symposium and 15th Annual Information Forum

Downtown Marriott, New York City

Monday, September 12, 2016

Inaugural Symposium

Grace Farms, New Canaan, CT

VOICES helps families and communities heal after tragedies, a mission that began in 2001. Our symposiums provide an important opportunity for victims' families, responders and survivors, as well as clinicians, law enforcement, and government agencies, to gain relevant information about best practices in responding to traumatic events.
