VOICES is hosting its New York City Symposium on Tuesday, September 9 and Wednesday, September 10.

The two-day event, held in person and broadcast live, is presented in partnership with the Leadership in Counter Terrorism Alumni Association and the International Network Supporting Victims of Terrorism and Mass Violence, along with our 9/11 Community Partners.

## Serving Individuals and Organizations Since 2001

VOICES provides long-term support services and access to resources that promote mental health care and wellness for victims' families, responders, and survivors: and collaborates with organizations to share lessons learned to help communities prepare for, respond to and recover from tragedy.

### Tuesday, September 9 | Professionals

Highlights VOICES collaboration with LinCT-AA and INVICTM – bringing together professionals from law enforcement, counterterrorism, emergency management, corporate security, and victim-support agencies. Presenters will share their expertise and firsthand experience, identify challenges, and propose solutions through public-private partnerships to prepare for and respond to tragedies in the U.S. and abroad.

### Wednesday, September 10 | 9/11 Community

Supported by our 9/11 Organizations and Community Partners who are devoted to assisting all those impacted by 9/11. The program underscores VOICES mission to provide long-term support for victims' families, responders and survivors with updates on ongoing issues, including mental health and medical care, litigation, and compensation. The annual event allows the 9/11 Community to gather in advance of the 25th Anniversary.
